The Certified Fair Gambling seal is provided to those casinos that are willing to submit to ongoing fairness audits of their casino gaming software. Games audited at Liberty Slots Casino for the month of May 2014 include:

- Table Games
- Video Poker
- Keno and other games

These audits are conducted by examining the complete data log files provided by Liberty Slots Casino and supplied to Certified Fair Gambling for the explicit purpose of conducting an independent audit of game fairness. In our opinion, the log files provided fairly and accurately represent the actual and total play.

The audits conducted demonstrate that the casino games are operating in a manner that is statistically indistinguishable from the same games as offered in a brick and mortar casino. We conclude that the casino games offered by Liberty Slots Casino are operating in a manner that is statistically stable, un-biased and fair.
